

# Aromatic candles that burn safer, cleaner and longer

Our natural candles use only soy wax with all-cotton wicks. Soy wax burns cooler, longer, and is safer than paraffin. Soy also allows fragrances to be released into the air faster and will hold their delightful scent longer. Nearly soot-free when burned, our natural candles also use cotton wicks that do not give off harmful vapors like other metal-core wicks.

## 18 DELICIOUS SCENTS AVAILABLE IN 3 SIZES:

SMALL: 4 oz. (approx. burn time 25-30 hrs).....\$ 4.99 ea.

MEDIUM: 11 oz. (approx. burn time 55-65 hrs) .....\$14.99 ea.
